

**Montague Energy Committee Meeting**  
**8-13-13 Minutes**  
**Town Hall 6:15-8:15 PM**

Present: Chris Mason (chair), Pam Hanold, Susan Conger, Sally Pick, Tim van Egmond

1. Minutes of 5/28/13, 7/9/13, and 7/23/13 were approved. Sally will send the approved minutes to Ann Clark.
2. We brainstormed design concepts for the "Montague Green Star" decal. Sally will bring our ideas to the designer.
3. Winserts for Town Hall: Chris and Sally have measured half a dozen windows. Chris will use the info from CET to calculate the cost for materials for one window.
4. MC Library Weatherization: Tim will check to see if there is any sealing foam left. Part of the east side remains incomplete; the other three sides are done! Chris and Tim will attempt to get an accurate sense of what still needs to be done on the east side.
5. As an alternative to school students doing fundraisers selling candy, what if they sold solar gadgets or energy-saving power strips? Pam will follow up on this.
6. If we participate in the Block Party again next year, let's march in the parade with our banner.

Next meeting: Tuesday, Sept. 10th, 6:15 pm
